

DEMOLITION

# ADVANCED DEMOLITION

Efficient Solutions by SENNEBOGEN

**SENNEBOGEN**

# LARGE-SCALE AND POWERFUL

## **870E** Demolition

 114 - 117 t  33 m / 36 m  261 kW (Stage V)

- Strong stand-alone demolition machine with long-front equipment
- 4 t at 36 m reach height
- Selective dismantling
- Elevatable and 30° tiltable cab
- Various attachments incl. demolition hammer
- Best stability thanks to heavy telescopic undercarriage
- Intelligent, self-mounting system for counterweight

# PRECISE AND MULTI- FUNCTIONAL

**830E**  
Demolition

45 t 19 m 168 kW (Stage V)

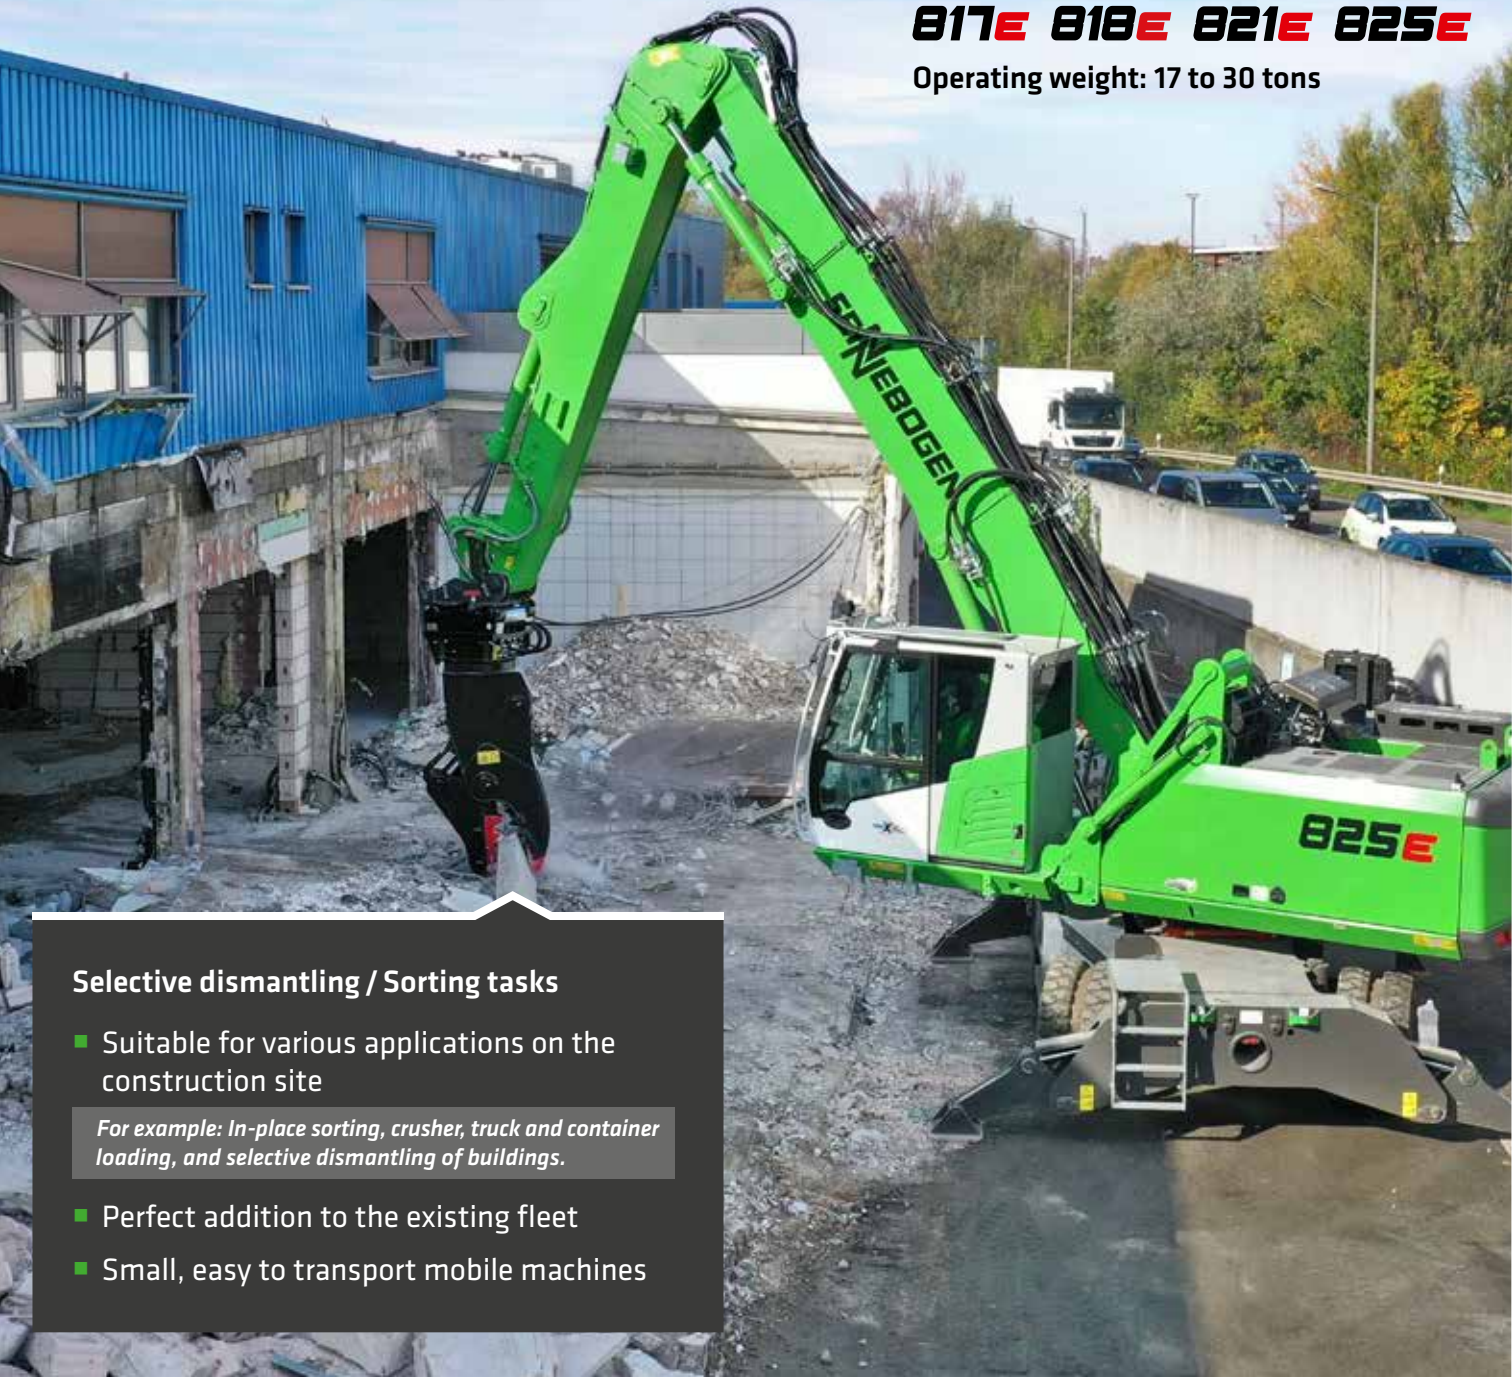

- Stand-alone demolition machine with excellent sorting capabilities
- 3.5 t at 19 m reach height
- Ideal for sorting tasks
- Selective dismantling
- Elevatable and 30° tilttable cab
- Various attachments incl. demolition hammer
- Best stability thanks to heavy telescopic undercarriage

# EASY ON SITE SORTING

**817E 818E 821E 825E**

Operating weight: 17 to 30 tons

## Selective dismantling / Sorting tasks

- Suitable for various applications on the construction site

*For example: In-place sorting, crusher, truck and container loading, and selective dismantling of buildings.*

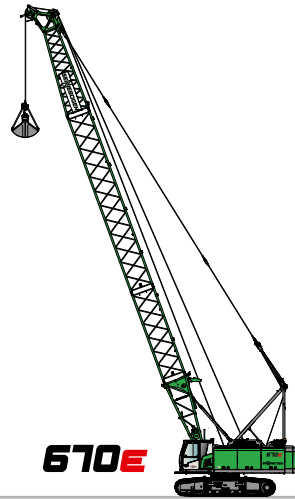

- Perfect addition to the existing fleet
- Small, easy to transport mobile machines

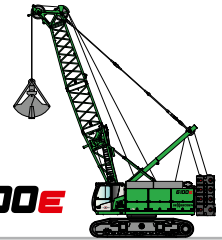

# DUTY CYCLE CRANES\*

////////////////////

**670E**

-  70 t
-  56.9 m
-  321 kW
-  2 x 160 kN
-  2 x 200 kN

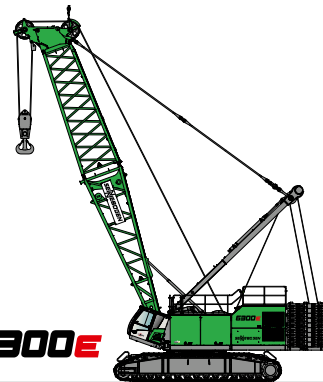

**6100E**

-  100 t
-  63.5 m
-  451 kW
-  2 x 200 kN
-  2 x 275 kN
-  2 x 300 kN

**6140E**

-  140 t
-  63.5 m
-  570 / 708 kW
-  2 x 300 kN
-  2 x 350 kN

**6300E**

-  300 t
-  80.3 m
-  570 / 708 / 840 kW
-  2 x 350 kN
-  2 x 450 kN

\* for demolition or dropball applications
